Down the road and down the bean-
stalk swiftly ran and clambered
Jack,
Joy was in his manly bosom, and
the harp upon his back.
Down the giant scrambles after
Jack, but little does *he* reck,—
With an axe he cuts the bean-
stalk, and the giant breaks his
neck.
After this, I need not tell you,
Jack resolved to settle down,
Stay at home, climb no more bean-
stalks, be respected in the town.
